AFL Finals

This is a John Harms Footy Almanac Lunch and he will run this Lunch interviewing special guests on a Finals theme.

With the Geelong-Sydney semi final on at the MCG on Friday night, we thought we'd start the build up with a Cats-Swans lunch. We have invited some Swans and Cats, and others, and we will have a chat to an ancient Richmond supporter, as well as a few who remember just about everything about Geelong semis. We have people coming down from Sydney and Perc can give us a few finals memories as well.
